

FORMAL LEGAL NOTICE: DATA PROTECTION ACT 2018 / UK GDPR

Date: 23rd June 2026

To: The Occupier, Flat 10

From: The Occupier, Flat 8

RE: Intrusive CCTV Monitoring of Communal Hallway and Flat 8 Doorway

I am writing to formally object to the fixed CCTV camera you have installed above your door frame. As shown in photographic evidence, this camera directly faces my front door and records the shared communal walkway.

Because your camera captures images outside your private property boundary, you are legally a **Data Controller** under the UK GDPR and the Data Protection Act 2018. You are currently processing my personal data without a lawful basis or my consent.

1. Right to Object (Article 21 UK GDPR):

I formally object to you processing my data. Your camera severely breaches my right to privacy. There are no compelling legitimate grounds for you to monitor my front door. I demand that you permanently remove the camera from the view of my door and the shared walkway within **one calendar month** of this letter.

2. Subject Access Request (Section 45 Data Protection Act 2018):

I hereby request a copy of all video and audio footage capturing me, my family, or visitors to Flat 8 from the date the camera was installed to the date of this letter. You are legally required to provide this data free of charge within **one calendar month**.

If you fail to provide the footage or fail to stop filming my property by 23rd July 2026, I will escalate this breach directly to the Information Commissioner's Office (ICO).

Furthermore, I reserve the right to initiate civil legal proceedings in the County Court for an injunction and financial compensation for distress, citing the legal precedents of *Fairhurst v Woodard* and *Woolley v Akbar*.

Signed,
Emma Mendez
